Amendments to the Specification:

Please amend the equation at page 9, line 21, as follows:

$$0.12 \leq \{(R_m + D_{sd}) \times k\} / R_d \times T(R_d \times T) \leq 0.35$$

Please amend the equation at page 23, line 21, as follows:

$$0.12 \leq \{(R_m + D_{sd}) \times k\} / R_d \times T(R_d \times T) \leq 0.35$$

Please amend the equation at page 40, line 4-5, as follows:

$$\{(R_m + D_{sd}) \times k\} / R_d \times T(R_d \times T) = (8 + 0.5) \times 2.2 / (18 \times 12.1) = 0.09$$
